Information + Sign-Up! (ROUND 1A) [CLOSED]

[Round 1A Closed]

Eager to participate and a fun and easy game? Well, you've come to the right place! Whether you like the Hunger Games or not, you're bound to like this generator.

Basically all you have to do is send in a warriors OC of yours, and just put their name and gender. Voila! After 24 cats are entered, 12 females and 12 males, then the game will begin! All 24 cats will go against each other (and I'll use an online generator...) and all you have to is sit back and wait to see if your character LIVES or DIES!

EXAMPLE:
Your character entry
Name: Vixenfoot
Gender: she-cat

Then in the generator it'll have something like:

Vixenfoot kills ***insert another name here*** with a hatchet.

Vixenfoot is killed after she drowns in a river.

And you don't have to do anything except send a cat in!

So please tell your friends because we need *24* people to sign-up! 12 toms and 12 she-cats, remember that.

Rules:

• One cat per person!

• Don't rage if your character is killed or does something they might not do. It's a generator, calm down.

SIGN-UP SHEET:

Name of OC: (Must be a warrior cat name)
Gender: (tom or she-cat)

To make things easier, I'll add in two characters. So we'll need 22 characters now!

My sign-up:

Name: Ferretnose
Gender: Tom

Name: Grasspelt
Gender: She-cat

So yeah! If you have any questions comment, since I can't PM or reply to message boards.
Thanks if you participate!

ROUND 6F | Sign-Ups & Explanation [CLOSED]

--NOT ACCEPTING *ANY* MORE CATS!--

EXPLANATION:

Since rounds are usually 30 parts or more, I won't have enough room to make another extra round after 7g (I need an extra round for a good reason--all will be explained!). So that means round 6f will be bunched up into one part! So expect the round to take a while. Sorry ;-; I just really need enough room for round 8h (unless Emberflame wins I'll have to make another round, but if he doesn't then round 7g will be the last round you guys can sign up), which will be very important. That also means round 7g will be bunched up...sorry!!

So to clear things up:

• Round 6f and 7g will be bunched up together to make room for round 8h

• Round 8h will contain every cat that's won included twice (minus Ravenwatcher, who will only be mentioned twice even though he won two rounds).

• Round 7g will be the last round you guys can sign up.

• Round 8h determines who the winner of the whole book will be.

WHY ROUND 8H IS IMPORTANT:

Round 8h is important because that round will have every cat that's won one of the rounds twice (minus Ravenwatcher being mentioned four times and will only be mentioned twice like the rest since he won two rounds). That means whichever cat wins is the winner of the whole book!! Yes, so that means the cats competing will be:

-- Emberfall (*Round 1A Winner*)
-- Duskpool (*Round 2B Winner*)
-- Ravenwatcher (*Round 3C Winner*)
-- Ravenwatcher (*Round 4D Winner*)
-- Emberflame (*Round 5E Winner*)
-- Comfreywing (*Round 6F Winner*)
-- Gorsepaw (*Round 7G Winner)*

FINALLY! NOW TO SIGN-UPS!

Everyone will have to make a character they haven't used in this game before, except for Emberflame's creator. Emberflame will move on to his second round, and Emberflame's creator may **not** enter another cat!

Hope you enjoy!

--No kits.
--Only two apprentices are allowed.
--Only two leaders are allowed.
--You may only sign up with one cat. Make their name unique!
--Only accepting 12 she-cats and 12 toms. No more than that.

SIGN-UPS:

Name: (No Loner/Kittypet/Rogue Names)
Gender: (Tom or She-cat)

My sign-ups:

Name: Brokenstorm
Gender: she-cat

Name: Jinxcloud
Gender: tom

So yeah! Hope you enjoyed last round, get ready for this round!

QUESTIONS FOR READERS!

Wow. Okay, so yay, the book is finally done!!

But I'd like some feedback on these questions I give you first, just cause, why not? I really hoped you enjoyed this book! I'll also answer some questions too, so look out for those.

Firstly, here are the questions I want YOU guys to answer!

1) **How much would you rate this book from 1-10, 1 being the worst book ever, to 10 being the best book ever?**

2) **What was your favorite round?**

3) **What was your favorite ship?**

4) **Would you want a sequel? (You in particular. I'm already making one but I want to know if *you* want one.)**

5) **How many times did you enter?**

6) **Was it fun, and would you enter again?**

Now some questions I'll answer (you can comment questions and I'll answer them).

1) **Will there be a sequel?**

Yes! There will be two sequels, actually! That'll be explained in the next part, so stay tuned.

2) **What's my favorite ship?**

RavenxYewy no doubt.

3) **Will you make a special round with everyone's favorite ship in it?**

Hmm...maybe someday. ;)

—

So yes! Stay on your account for now, because the sequels will be explained shortly.

SEQUELS!!

[image] [image]

So if you thought this was the only one--nope! I'm making some more. For now, I'll be making two others.

The first one I'll begin is pretty cool, so make sure to read!!

FIRST SEQUEL --

TITLE: Warriors: Hunger Games Generator (Original Series Edition!)

WHAT IT WILL BE: Basically, just like this book, you'll enter a cat, its name and gender, and I'll include it in a generator against others! *But*, instead of using OCs, you'll use characters from the books! Just make sure to use a character that at least some people will know about! (EX: You can use Jayfeather, Firestar, Doestar, Goosefeather, Onestar, Morningflower, Sharpclaw, etc)

COVER:

SECOND SEQUEL --

TITLE: Warriors: Hunger Games Generator (MEGA Edition!)

WHAT IT WILL BE: Just like this book, but instead of 24 cats (12 toms/12 she-cats) there will be 36 cats (18 toms/18 she-cats)! That means a *LOT* of people are gonna have to enter XD

COVER:

So yeah! Thank you to all that supported me. I had so much fun with this book and can't wait for the sequels to come out. I'll put a reminder on this book when the first sequel is out, so make sure *NOT* to take this book out of your library quite yet! Thanks for participating, and hope you enjoyed it as much as I did!

SEQUEL IS OUT!

The sequel is out!! It's called Warriors: Hunger Games Generator (Original Series Edition!)

Please go check it out! Thanks!
